

Greetings,

I am Chanel Logan, the counselor at Morrow Elementary. I am so excited to be here and look forward to working with the Morrow family! I come to you with more than eight years' experience as a school counselor. I have a Master's degree in School Counseling and am currently working on an advanced degree.

It my belief that all children can learn and I feel that it is my responsibility to help create an environment where children have an opportunity to achieve. That means that I will work to meet students' academic, personal and social needs while providing support to teachers and parents. I know that if we all work together, our children will go on to do great things!

You can expect for me to provide a variety of services to students including classroom guidance, small group and individual counseling services. I will cover a variety of topics including career guidance, skills for academic success, and other topics as needed. In addition, I hope to be a resource for parents and teachers, so please let me know how I can support you.

I look forward to your input with regard to the programs and services that you would like to see offered here at Morrow. I know that together we can ensure that all students learn, grow and succeed to their greatest potential! Let's work together to ensure that we have a great year!

Sincerely,

Chanel Logan
